PROFESSIONAL SUMMARY

Junior QA Engineer with hands-on experience in manual testing, automation testing, API testing, and performance testing across web and mobile applications. Skilled in designing and executing test cases, validating REST APIs using Postman, performing performance testing with JMeter, and developing automation scripts using Selenium, Playwright, Python, and PyTest following the Page Object Model (POM) design pattern. Experienced in functional, regression, smoke, and exploratory testing throughout the software development lifecycle. Strong analytical and problem-solving skills with a focus on delivering reliable, high-quality software products.

PROFESSIONAL EXPERIENCE

Junior QA Engineer

Mindrivers Technologies | Kathmandu, Nepal | September 2025 – Present

Projects: SheGuideMe, Totto Marketplace

- Design and execute test scenarios, test cases, and test plans based on project requirements.
- Perform functional, regression, smoke, exploratory, and usability testing across web and mobile applications.
- Conduct API testing using Postman to validate REST API functionality and response accuracy.
- Develop and maintain automation scripts using Selenium, Playwright, Python, and PyTest.
- Implement and maintain automation frameworks using the Page Object Model (POM) design pattern.
- Execute performance testing using Apache JMeter and analyze testing results.
- Collaborate with developers and stakeholders to ensure software quality throughout the SDLC.

QA Intern

Mindrivers Technologies | Kathmandu, Nepal | June 2025 – September 2025

Projects: Recruit Nepal, Popup News App

- Performed manual testing of web and mobile applications.
- Designed and executed test cases covering functional, regression, smoke, and exploratory testing scenarios.
- Conducted API testing using Postman and validated application workflows.
- Assisted in automation testing activities using Selenium, Python, and PyTest.
- Participated in performance testing using Apache JMeter and analyzed performance reports.
- Collaborated with QA team members to identify, document, and verify software defects.

PROJECTS

SheGuideMe – End-to-End QA Testing

Tech Stack: Playwright, Python, PyTest, Postman, JMeter

Link: <https://github.com/sujanmagr/SheGuidesMe.git>

- Performed end-to-end testing including manual, API, performance, and automation testing.
- Designed and executed test cases and test scenarios based on business requirements.
- Developed automated test scripts using Playwright, Python, and PyTest following POM architecture.
- Conducted API testing using Postman and performance testing using JMeter.
- Performed testing across web and mobile platforms to ensure functionality and usability.

Totto Marketplace – Mobile Application Testing

Tech Stack: Postman, Android Testing

- Performed manual testing of a mobile marketplace application supporting multiple sellers and marketplaces.
- Designed and executed test cases covering product listings, marketplace creation, messaging, and user interactions.
- Conducted API testing using Postman to validate backend services and application workflows.
- Executed functional, regression, smoke, and exploratory testing across major application modules.

YatriGhar – Hotel Booking Platform

Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN Stack)

Link: <https://github.com/bijaya-dev07/YatriGhar.git>

- Developing a full-stack hotel booking platform as a final-year academic project.
- Implementing hotel search, booking, reservation, and user management features.
- Participating in requirement analysis, system design, development, and testing activities.
- Planning AI-powered hotel recommendation and review sentiment analysis features.

EDUCATION

Bachelor of Science in Computer Science and Information Technology (BSc CSIT)

Nepalaya College | Tribhuvan University | 2021 – 2026

National Examination Board (+2)

Nepal Police School | 2018 – 2020

CERTIFICATION

Quality Assurance (QA) Training Program

Mindrisers Institute of Technology | January 2025

TOOLS & TECHNOLOGIES

Automation Testing	Selenium WebDriver, Playwright, PyTest, Page Object Model (POM)
API Testing	Postman, Swagger
Performance Testing	Apache JMeter
Version Control	Git, GitHub
Programming	Python, JavaScript, SQL, C
Web Technologies	HTML, CSS, React.js
Other Tools	Jira
